

Anita Ryall Excellence in Adult and Technical Virtual Education Award Winner for 2006-2007: Kimberly Gates

Jamie Eddleman: “Kim is a dedicated teacher that offers her students the best online experience and instills a sense of community, so they feel valued and connected. Kim has served as a mentor, a trainer, and has coordinated course revisions, edits and other issues for FATDEC for several years. She has been extremely supportive to all of her online colleagues in Broward and around the state. Recently, she has added live online delivery to her courses and is modeling this methodology to inspire others to teach this way. Kim is an excellent trainer and presenter, and has well represented FATDEC in and out of Florida.”

Anita Ryall: “Every instructor strives to earn an excellence in education distinction. Kim Gates not only deserves the “excellence” title but her enthusiasm and professionalism in helping build Florida’s adult education virtual program has made her a model for others to follow.”
